§ 1.312 Amendment after Allowance

This amendment is being filed before or with the payment of the issue fee.

Consideration and entry of the amendment is requested without withdrawing the application from issue.

Claim Amendments

Claims 32, 52 and 58 are amended without prejudice for grammatical purposes or to otherwise correct the claim language. The word “scamier” was inadvertently introduced to claim 58 in the prior amendment without any deceptive intent. Claim 58 is amended to instead recite “scanner”, consistent with claims 52 upon which it depends. The claim amendments are not being made to overcome any cited reference, and Applicant neither intends nor believes that these amendments operate to narrow the scope of the claims.

Claims 1-19 and 60-69 are explicitly cancelled herein, wherein they had previously been withdrawn by way of election of the presently allowed claims 20-59. The Examiner is thanked for his consideration and notice of allowance of claims 20-59.

CONCLUSION

For the foregoing reasons, consideration and acceptance of the amendment after allowance is requested prior to issuance. The Examiner is encouraged to telephone the undersigned at (503) 224-2170 if there are any questions related to the present amendment.
